Responsabilidad de la Administración por los Estados Financieros

La Administración del **Partido Liberación Nacional** es responsable por la preparación y presentación razonable de estos Estados Financieros, de conformidad con las Normas Internacionales de Información Financiera. Esta responsabilidad incluye: diseñar, implementar y mantener el control interno relevante para la preparación y presentación razonable de estos estados financieros y que estén libres de representaciones erróneas significativas, ya sean causadas por fraude o error; seleccionar y aplicar políticas contables apropiadas; y efectuar estimaciones contables que sean razonables en las circunstancias. Responsabilidad del Auditor

Nuestra responsabilidad es expresar una opinión acerca de estos estados financieros con base en nuestra auditoría. Esta auditoría está efectuada de acuerdo con las Normas Internacionales de Auditoría. Estas normas requieren que cumplamos con requisitos éticos y que planifiquemos y realicemos la auditoría para obtener una seguridad razonable acerca de si los estados financieros están libres de representaciones erróneas de importancia relativa.

Una auditoría incluye la ejecución de procedimientos para obtener evidencia de auditoría acerca de los montos y revelaciones en los estados financieros. Opinión

En nuestra opinión, los Estados Financieros antes mencionados presentan razonablemente la situación financiera del **Partido Liberación Nacional** al 30 de junio del 2010 y los resultados de sus operaciones, de cambios en el patrimonio y sus flujos de efectivo por el período comprendido del 1 de julio de 2009 y al 30 de junio del 2010, de conformidad con las disposiciones del Tribunal Supremo de Elecciones de la República de Costa Rica, con excepción de las cuentas que componen el activo fijo: costo, depreciación acumulada y los correspondientes gastos por depreciación, ya que no nos fue posible revisar la existencia física de tales activos dada la ausencia de registros auxiliares actualizados por un monto neto del activo fijo en libros del orden de ¢128.515.252.78. A la fecha de este informe, la administración del Partido está realizando el trabajo respectivo para corregir esta situación.

Los estados financieros al 30 del junio del 2009 y por el período comprendido del 1 de julio del 2008 al 30 de junio del 2009 se presentan para efectos comparativos y estos fueron examinados por otros auditores que emitieron una opinión sin salvedades sobre los mismo con fecha 21 de octubre del 2009.

1. Resumen de operaciones y de políticas importantes de contabilidad

(a) Breve historia del partido

El **Partido Liberación Nacional**, cédula jurídica 3-110-051854, con domicilio en San José, Costa Rica, se constituyó el 12 de Octubre de 1951 como una agrupación política sin fines de lucro cuyo patrimonio según el artículo 57bis del Código Electoral se integra con las contribuciones de sus partidarios , los bienes y recursos que autoricen sus estatutos y no prohíba la ley, así como la contribución del Estado Costarricense a que tuviere derecho de acuerdo con el artículo 96 de la Constitución Política de la República de Costa Rica. Por lo tanto su sistema de contabilidad y la presentación de los estados financieros deben cumplir con lo requerido por el Tribunal Supremo de Elecciones, el Código Electoral y por el Reglamento sobre el financiamiento a los partidos políticos.

Las oficinas se ubican en San José, Costa Rica, Sabana Oeste, del Ministerio de Agricultura y Ganadería 150 metros al Oeste, Casa Liberacionista José Figueres Ferrer.

(b) Unidad monetaria y regulaciones cambiarias:

Los estados financieros y las notas a los mismos se expresan en colones (¢), la unidad monetaria de la República de Costa Rica.

Desde el 2 de marzo de 1992, el Banco Central de Costa Rica acordó la liberación del tipo de cambio respecto al dólar estadounidense, en forma tal que, todas aquellas transacciones con esta moneda, se pueden realizar abiertamente en el Sistema Bancario Nacional (estatal o privado) y su paridad con el colón costarricense, lo dará la oferta y la demanda de la misma en el mercado. Antes del 17 de octubre del 2006 la principal intervención del Banco Central consistía en la imposición de un sistema de mini devaluaciones. A partir de esa fecha impuso un sistema de bandas cambiarias con el propósito de evitar la predeterminación casi real del tipo de cambio a futuro por parte de todos los agentes económicos, que tenía como consecuencia, un piso a las cifras de inflación.

Al 16 de octubre del 2006 (último día bajo el sistema de mini devaluaciones) los tipos de cambio vigentes eran los siguientes:

Compra	¢	521.12
Venta	¢	523.23

Al 30 de Junio del 2010, los tipos de cambio vigentes en el mercado para el dólar americano eran los siguientes:

Compra	¢	529.91
Venta	¢	540.24

A la fecha de este informe, 05 de octubre del 2010, los tipos de cambio vigentes en el mercado para el dólar americano eran los siguientes:

Compra	¢	508.72
Venta	¢	519.04

(c) Instrumentos financieros:

Los instrumentos financieros son registrados inicialmente al costo y consisten de efectivo, cuentas por cobrar, cuentas por pagar a proveedores y otros, así como documentos por pagar por operaciones bancarias. Al 30 de junio del 2010, el valor registrado de los instrumentos financieros de corto plazo se aproxima a su valor justo debido a su naturaleza circulante. El Partido emitió bonos para el financiamiento de la campaña 2006-2010 por la suma de ¢8.565.000.000.00 los cuales se encuentran registrados en cuentas de orden y están distribuidos así:

- En garantía por operaciones de financiamiento entregados al Banco de Costa Rica, la suma de ¢3.000.000.000.
- En garantía por operaciones de financiamiento entregados al Banco Lafise, la suma de ¢1.200.000.000.
- En garantía del aval otorgado por el Banco Lafise para el primer adelanto de la deuda política que entregó el Gobierno de Costa Rica en el mes de enero 2010, la suma de ¢240.000.000.
- Además la suma de ¢500.000.000 fue entregada en garantía de préstamos con el Banco Cathay.
- Además la suma de ¢ 1.180.000.000 fue entregada en garantía del préstamo con Banca Promérica, S.A.
- En Tesorería se encontraban al 31 de Mayo de 2010, la suma de ¢478.000.000.
- Bonos vendidos por la suma de ¢1.967.000.000.
- Estos rubros dan un total de ¢8.565.000.000.

Los bonos en tesorería por la suma de ¢478.000.000.00 son de la serie D y ya no tienen valor por lo que van a ser destruidos mediante acta respectiva.

Por otra parte El Partido mantiene operaciones crediticias con el Banco de Costa Rica, el Banco Lafise S.A. el Banco Cathay S.A., el Banco Promérica S.A. y la Financiera Desifyn, que están garantizados principalmente con parte de los bonos mencionados y/o con cédulas hipotecarias.

(d) Riesgo crediticio:

Los instrumentos financieros que eventualmente sujetan al Partido al riesgo de crédito consisten principalmente de efectivo, incluyendo inversiones transitorias. El efectivo se mantiene con instituciones financieras sólidas. Debe considerarse que en el estado de resultados se presentan partidas muy importantes clasificadas como Gastos de Organización, Gastos de Capacitación y Gastos de Propaganda que con un alto grado de certeza, en su mayor parte, serán recuperadas mediante el reintegro de gastos que por ley corresponde hacer al Gobierno de Costa Rica para el financiamiento de la campaña política. El riesgo sería:

1) La no aceptación de ciertas partidas por parte del Tribunal Supremo de Elecciones con base en los informes de revisión de gastos que está realizando de acuerdo al reglamento respectivo.
2) El límite de gastos a reembolsar que determinó el Tribunal Supremo de Elecciones con base en la cantidad de votos recibidos sumando los de la elección de presidente más los recibidos para la elección de diputados en las elecciones de febrero del 2010, es la suma de ¢7.378.842.220.04. De esta cifra el Estado retendrá un 11% para cubrir gastos futuros de organización hasta un 10% y gastos futuros de capacitación hasta 1% según lo disponen los estatutos del Partido. El monto a retener es la suma de ¢811.672.644.20.
3) El Partido ya presentó liquidación de gastos al Tribunal Supremo de Elecciones por la suma de ¢7.866.095.298.15 que cubre los gastos de la campaña 2006 a 2010 con corte al 24 de marzo de 2010. Si de esa liquidación el Tribunal reconociera gastos por un monto menor al máximo establecido de ¢7.378.842.220.04, la diferencia quedaría retenida y se agregaría al 11% ya reservado. O sea a los ¢811.672.644.20.
4) Sobre el monto retenido y que es únicamente para gastos de organización y capacitación el Partido presentó liquidación por la suma de ¢136.703.950.91 que cubre los gastos del trimestre que va desde el 25 de marzo al 30 de junio de 2010.
5) El Partido ha tenido el debido cuidado de documentar adecuadamente los gastos que liquidó.
6) Una vez definido el monto a redimir por parte del Tribunal Supremo de Elecciones, esta suma será pagada con bonos de la Deuda Política del Gobierno de Costa Rica. Existe el riesgo de que el valor de mercado estos bonos no alcance el valor facial y se tenga que realizar una pérdida por descuento al momento de negociarlos, o podría ser que se decida conservar una buena parte hasta su maduración para mitigar ese impacto.
7) Por otra parte y compensando en parte ese posible efecto, estos bonos de la deuda política vienen devengando intereses desde el 22 de marzo de 2010 que generarán un ingreso que aun no ha sido registrado.

(e) Estimación para incobrables:

El riesgo para incobrables se origina en partidas que no sean aceptadas para reintegro por el Gobierno pero no se ha considerado la creación de una reserva para incobrables dado que éstas partidas en su totalidad están registradas como gastos.

(f) Activo fijo

Las adiciones y retiros de mobiliario y equipo, se registran a su costo de adquisición y se deprecian conforme al método de línea recta tomando como referencia la vida útil de los activos respectivos establecida en el reglamento a la Ley de Impuesto Sobre la Renta.

La utilidad o pérdida en el retiro o venta de activos se incluye en los resultados del período en que se origina, así como los gastos por reparaciones y mantenimiento que no extienden la vida útil.

La vida útil estimada de los activos es la siguiente:

	Vida útil en años
Mobiliario y equipo	10
Equipo de cómputo	5
Equipo de radio comunicación	5

(g) Arrendamientos:

Los arrendamientos son clasificados como arrendamientos operativos. En general se trata de alquileres de vehículos, alquileres de locales en las comunidades, alquiler de equipos de cómputo y otro tipo de equipos.

(h) Prestaciones legales:

Con referencia a los beneficios que otorga nuestra legislación laboral y que se van acumulando a favor de los empleados del Partido, según el tiempo de servicio, existe la siguiente política: Cada cuatro años, al final de una campaña se paga la cesantía a todo el personal. Además se paga la cesantía cada vez que se liquida una persona por cualquier causa que no sea renuncia ni despido sin responsabilidad patronal. No se hace provisión mensual.

(i) Reconocimiento de los ingresos:

Los ingresos del Partido se originan en contribuciones voluntarias de acuerdo con la legislación electoral vigente las cuales pueden ser en efectivo o en especie. Además en venta de bonos y/o certificados. El ingreso se registra en el momento en que se recibe. Por otra parte se reciben intereses sobre las cuentas corrientes, inversiones transitorias o sobre bonos del

Gobierno en pago de la deuda política. Eventualmente se obtienen ingresos por diferencias en el tipo de cambio.

(j) Activos y pasivos en dólares:

Al 30 de junio del 2010, el partido prácticamente no tiene ni activos ni pasivos denominados en dólares. Los activos en dólares corresponden a una cuenta corriente con el Banco de Costa Rica y los únicos pasivos denominados en dólares son algunas cuentas por pagar por préstamos.

El patrimonio negativo que se refleja se explica porque los gastos de organización, propaganda y capacitación se registran como tales en el estado de resultados de acuerdo con las disposiciones del Reglamento para el Financiamiento de los Partidos Políticos emitido por el Tribunal Supremo de Elecciones. Sin embargo estos gastos en su mayor parte serán reembolsados por el Gobierno de Costa Rica, solo que el ingreso será registrado una vez que el Tribunal Supremo de Elecciones oficialice el monto a reembolsar.

PARTIDO LIBERACIÓN NACIONAL

Dictamen sobre contribuciones recibidas por el periodo del 01 de julio de 2009 al 30 de junio de 2010.

Hemos sido contratados por el **Partido Liberación Nacional**, para efectuar una auditoría de las transacciones por contribuciones en el periodo que va del 01 de julio de 2009 al 30 de junio de 2010. Por tal razón hemos auditado las cuentas de Contribuciones de Terceros, tanto en efectivo como en especie por los meses mencionados del **Partido Liberación Nacional** comprobando su autenticidad y cumplimiento con lo que dispone el Código Electoral, decreto legislativo No 8765.

Responsabilidad de la Administración por los Registros

La Administración del **Partido Liberación Nacional** es responsable por la preparación y presentación razonable de estos registros y su documentación de conformidad con las Normas Internacionales de Información Financiera. Esta responsabilidad incluye: diseñar, implementar y mantener el control interno relevante para la preparación y presentación razonable de estos registros, de forma que estén libres de representaciones erróneas significativas, ya sean causadas por fraude o error; seleccionar y aplicar políticas contables apropiadas; y efectuar estimaciones contables que sean razonables en las circunstancias.

Responsabilidad del Auditor

Nuestra responsabilidad es **certificar** acerca de estas cuentas con base en nuestra auditoría. Esta auditoría está efectuada de acuerdo con las Normas Internacionales de Auditoría. Estas normas requieren que cumpla con requisitos éticos y que planifique y realice la auditoría para obtener una seguridad razonable acerca de si los registros están libres de representaciones erróneas de importancia relativa.

Nuestra auditoría incluyó la ejecución de procedimientos para obtener evidencia de auditoría acerca de los montos y revelaciones en esos registros. Los procedimientos seleccionados fueron:

Para la cuenta de Contribuciones en efectivo, procedimos a revisar los constancias de recibo de dinero asociados a los respectivos depósitos en la cuenta del banco asignada al efecto, comprobando que las donantes fueran personas debidamente acreditadas con su cédula de identidad y que se respetaran las disposiciones establecidas en el "Reglamento sobre el financiamiento de los Partidos Políticos", decreto No 17-2009. Eso lo hicimos para el 100% de los casos.

Para la cuenta de contribuciones en especie, procedimos a revisar el adecuado del recibo de los bienes y/o servicios donados al Partido, comprobando que los donantes fueran personas acreditadas con su cédula de identidad y que también se respetaran las disposiciones establecidas en el "Reglamento sobre el financiamiento de los Partidos Políticos", decreto No 17-2009.

Nuestra auditoria incluyó también la evaluación de lo apropiado de las políticas contables utilizadas y la razonabilidad de las estimaciones contables hechas por la Tesorería, así como evaluar su presentación.

Consideramos que la evidencia de auditoría que hemos obtenido es suficiente, apropiada y proporciona una base para la certificación.

Certificación

Con base en nuestra revisión **certificamos** que las cifras que constituyen las contribuciones recibidas son: Contribuciones de terceros en efectivo por un total de ¢744.375.254.70 y en especie por un monto de ¢78.651.533.40, corresponden con los registros contables del Partido por los meses de 01 de julio de 2009 a 30 de junio 2010 y cumplen con las normas establecidas en el Código Electoral y otras disposiciones determinadas por el Tribunal Supremo de Elecciones de la República de Costa Rica.
